

PRODUCT SAFETY RECALL

Mother's Choice & Baby Wise 3 in 1 Car Seat

IGC Dorel Ltd wishes to advise customers there is a voluntary recalling the Mothers Choice 3 in 1 Car Seat and the Baby Wise 3 in 1 Car Seat sold through New Zealand Outlets: SuperCheap Auto, Repco, Farmers, The Warehouse, Smith City and specialty stores between November 2007 and April 2011.

Name of products: Mother's Choice 3 in 1 Car Seat & Baby Wise 3 in 1 Car Seat

Description: The car seats convert from a car harness seat to a booster seat, to a booster cushion and are available in a range of colours.

Models: Mother's Choice: LB515 Baby Wise: LB513

Potential Hazard: As a very small number of car seats have come in for repair due to a malfunctioning buckle IGC Dorel has decided to take the precautionary measure to replace all 3 in 1 Car seat buckles. The malfunctioning buckles do not cause injury to children but could make it difficult to unbuckle a child quickly in an emergency.

Remedy: IGC Dorel recommends that customers should not use the car seat if there is any sign of buckle malfunction. All customers should contact IGC Dorel Customer Service as soon as possible to arrange to have a new buckle installed, or alternatively return the car seats to the place of purchase for a full refund.

We sincerely regret any inconvenience that this voluntary safety recall may cause. Thank you for your cooperation.

If you require any further information please contact:
